Summary

We were created to have our whole lives devoted to Jesus in loving union with Him. To get there, we need to wrestle with the tensions in our lives in order to grow closer to Him.

Talk it Over

- What part of today's sermon stood out to you the most? Why do you think God is putting that specific part on your mind and heart?
- Think of time when your actions did not line up with who you are in Christ. What caused that action and when did you realize that it did not line up?
- Be honest, what areas in your life are currently "compartmentalized"?
- What do you think it means to be in loving union with Christ? How do we do that?
- Who are some people you can trust to help you live for Christ with your WHOLE life?
- What steps will you take to address disintegration and take steps towards integration?

"David was able to do what was wise because he paused. After his pause, his purpose came clearly into view."

Talk it Over with Kids

- Have you ever done something you know you shouldn't have? Why did you do that thing?
- Jesus tells us that we are supposed to show His love to the world. How can you do that?
- Why do you think it is important to be truthful with your friends and family?
